

General Electric Healthcare OMLP 2012

Be a part of something bigger than yourself

Example

What do you envision for your future? At GE Healthcare, we strive to see life more clearly. Our "healthymagination" vision for the future invites the world to join us on our journey as we continuously develop innovations focused on reducing healthcare costs, increasing access and improving quality and efficiency around the world.

We are a \$17 billion unit of General Electric Company employing more than 46,000 people worldwide and serving healthcare professionals in more than 100 countries. We believe in our strategy - and we'd like you to be a part of it. As a global leader, GE can bring together the best in science, technology, business and people to help solve one of the world's toughest challenges and shape a new age of healthcare.

Something remarkable happens when you bring together people who are committed to making a difference - they do!

At work for a healthier world.
